FAVOUR MAKING MACHINE

Favour Making Machine

An absolutely essential piece of equipment for all trade professionals. This machine makes beautiful and consistently uniform favours and greatly improves productivity with minimal effort.

Place ribbon under lower plate and secure under clips.

Place tulle circles between each plate, up to four in total.

Place base disc in centre on top of last tulle layer.

Place the tube in the centre hole.

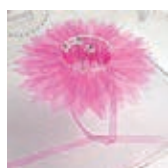

Push the tube gently as far as the ridged stop.

Put the confectionery filling down the tube.

Remove the tube and insert the flowers in the centre.

Bring the ribbon forwards and tie very tightly.

Lift up the movable plates and the layers fluff themselves out.

Done!

The Favour Maker Machine package comprises the clear acrylic base with hinged plates and backrest and clear hollow tube.

Designs using square nets can also be made with the machine.

Favour machine starter pack also available - see website for further details.
